MEMORANDUM FOR: Deputy Director (Plans)

SUBJECT: CORONA Participation in the National
Emergency War Plan

1. As the CORONA Program moves toward a completely operational capability the subject of satellite participation in the nation's emergency war plan should be examined in detail.
2. I propose that a joint meeting be held with representatives of Dr. Charyk's staff to outline areas of responsibility in this endeavor.
3. Detailed staff work when completed should provide the nation with a means, perhaps the only means at this time, of obtaining a photographic record of any international conflict which may engulf the world.
